Find a call

Horizon 2020 offers a large variety of funding opportunities for research and innovation activities through calls for proposals that are set out in the Horizon 2020 work programme. On the Participant Portal (PP) you can find call information under Funding opportunities.

Already familiar with EU research funding?

You can go directly to the H2020 calls and filter calls that interest you in the relevant programme part, like ICT or Health.

New to EU research funding?

Go to Search topics to find topics that belong to open or forthcoming calls. You can search in the text of the call and topic titles, call and topic identifiers, topic description and keywords and tags related to this topic. You can also filter using the quick finder for topics related to H2020 cross-cutting priorities, like international cooperation, SME instrument, social sciences and humanities, etc. You can also search for previous (closed) topics, as a guide. In Horizon 2020 there are more opportunities for cooperation with and participation by researchers from non-EU countries.

For more extensive search in various fields of the call and topic pages, you find on the same page a link to the Europa search that functions and presents the results in a similar way as Google search.
